Good Morning Frank,

Please find attached a response to your property status inquiry from our 7/26/18 discussion. The response summarizes the current status of all 24 properties discussed. Also attached are the soil sampling results letters for the properties owned by the City of East Chicago Department of Redevelopment that were on the list of 24 properties. I have also attached a completion report prepared Weaver Boos Consultants for the City of East Chicago for environmental response activities taken at 2 of the properties on the list ([REDACTED] Personal Address / Ex. 6).

I hope this addresses everything that we discussed. Please let me know if you have any additional questions.

Thx  
Dan
